

MICRO NUTRIENTS

Speedfol B SP

Powder boron fertilizer with high content, low pH (5,5-6) and increased solubility features to focused on pollination, fruit and seed formation. It is an advantageous product for big fields and greenhouses.

Speedfol B SP	%w/w
B	17,0

Speedfol Boman

Powder form of boron, manganese and zinc fertilizer focused on increasing yield and resistance against crown rot on tuber plants.

Speedfol Boman	%w/w
B	6,0
Mn	12,0
Zn	5,5

Speedfol Boron

Liquid boron fertilizer sourced from boron ethanolamine focused on pollination problems, fruit and seed formation.

Speedfol Boron	%w/w
N	5,0
B	10,9

(d=1,37)

Speedfol Cup

High concentrated copper oxy-chloride fertilizer contains 26% copper. Product focused on treating copper deficiencies but it is also effective as fungicides against fungus origin diseases. (d=1,5)

Speedfol Cup	%w/w
Cu	26,0

(d=1,50)

Speedfol Zn SC Plus

High concentrated zinc fertilizer for plants zinc need and prevent deficiencies. Zinc is one of the essential micro element taking role at rooting, flowering and fruit set, hormone synthesis and many other important plant metabolism activity.

Speedfol Zn SC Plus	%w/w
N	10,0
P ₂ O ₅	5,0
K ₂ O	5,0
Zn	30,0

(d=1,50)

Speedfol Deep

Powder form boron, iron, manganese and zinc fertilizer focused on post-harvest application at fruit trees to restore nutrients for next season.

Speedfol Deep	%w/w
B	4,0
Fe	2,5
Mn	8,0
Zn	10,0

Speedfol Combine

Powder formed micro nutrient fertilizer to prevent or treat micro nutrient deficiencies. It contains all six commonly used micro nutrients in agriculture.

Speedfol Combine	%w/w
B	1,5
Cu	0,5
Fe	5,0
Mn	3,0
Mo	0,05
Zn	4,0

ANTI-STRESS

Speedfol Amino Calmag SL

A calcium and magnesium fertilizer with high in amino acids. Product focused on over-coming stress conditions at plants beside increasing resistance against some diseases. (d=1,3)

Speedfol Amino Calmag SL	%w/w
CaO	6,7
MgO	2,7
Amino Acid	33,5

(d=1,30)

Speedfol Marine SL

A liquid organic seaweed product strengthens with additional nutrients focused on over-coming stress conditions at plants. On the other side, high amount of auxin content increase rooting and stimulates better root development afterwards. (d=1,14)

Speedfol Marine SL	%w/w
N	0,3
P ₂ O ₅	7,3
K ₂ O	4,9
B	0,089
Zn	0,260
Amino Acid	5,1
Auxin (ppm)	8,80
Cytokinin (ppm)	0,025

(d=1,14)

PHENOLOGICAL RANGE

This range formulated according to plant development stages. Nutrients and plant growth regulators inside arranged according to plant need for Starting, Vegetative development and better Fruits.

Speedfol Amino Calmag Plus SC

A calcium and magnesium fertilizer to complete phenological range of Speedfol Series. It is a complementary product for Speedfol Amino Starter, Vegetative and Flower&Fruit with additional nutrients inside.

Speedfol Amino Calmag Plus SC	%w/w
N	9,2
NO ₃	8,6
NH ₄	0,6
K ₂ O	1,1
CaO	12,6
MgO	2,5
B	0,160
Mo	0,005
Amino Asit	1,2

(d=1,50)

Speedfol Amino Flower&Fruit SC

High in potassium with increased auxin over cytokinin; product focused on better fruit development, brix, color and taste next to balanced foliar nutrient support.

Speedfol Amino Flower&Fruit SC	%w/w
N	9,2
NO ₃	4,4
NH ₄	1,4
NH ₂	3,4
P ₂ O ₅	6,8
K ₂ O	18,2
SO ₃	2,3

Zn	0,051
Amino Acid	0,8
Auxin (ppm)	0,68
Cytokinin (ppm)	0,41

(d=1,40)

Speedfol Amino Vegetative SC

High in nitrogen with increased cytokinin over auxin; product focused on better shoot development next to balanced foliar nutrient support.

Speedfol Amino Vegetative SC	%w/w
N	16,5
NO ₃	2,7
NH ₄	1,5
NH ₂	12,3
P ₂ O ₅	7,6
K ₂ O	12,0
SO ₃	2,3
B	0,101
Cu	0,021

Zn	0,051
Amino Acid	0,8
Auxin (ppm)	0,41
Cytokinin (ppm)	1,35

(d=1,40)

Speedfol Amino Starter SC

High in phosphorus with increased auxin over cytokinin; product focused on better rooting next to balanced foliar nutrient support.

Speedfol Amino Starter SC	%w/w
N	10,6
NO ₃	2,6
NH ₄	2,4
NH ₂	5,6
P ₂ O ₅	12,1
K ₂ O	13,1

Zn	0,051
Amino Acid	0,8
Auxin (ppm)	0,68
Cytokinin (ppm)	0,41

(d=1,40)

MACRO-MESO NUTRIENTS

Speedfol Calcium

High concentrated calcium fertilizer; for post-harvest calcium application to increase shelf and storage-life of fruits, to supply plant calcium need and increase resistance against some diseases.

Speedfol Calcium	%w/w
CaO	16,9

(d=1,33)

Speedfol K SL

High concentrated potassium fertilizer free from nitrogen, chloride and sulphate to increase fruit size, color, taste and quality. It is a product for farmers looking for sole potassium source.

Speedfol K SL	%w/w
K ₂ O	18,5

(d=1,30)

Speedfol Phosphozinc

High concentrated phosphorus fertilizer with 9.2% zinc. Product focused on generative development such as bud formation, flowering, flower set and supplying phosphorus need.

Speedfol Phosphozinc	%w/w
P ₂ O ₅	28,2
K ₂ O	5,0
Zn	9,2

(d=1,53)

Speedfol Colour

Product focused on red coloration on fruits such as apple, grape, pomegranate etc.

Speedfol Colour	%w/w
N	3,0
NO ₃	1,0
NH ₄	2,0
P ₂ O ₅	23,6
CaO	4,3

(d=1,33)

Speedfol Molyphast

High molybdenum and phosphorus fertilizer for legume crops to apply at very early stages of plant growth. Product stimulates both root nodule development and root growth for better nitrogen fixation besides general rooting.

Speedfol Molyphast	%w/w
P ₂ O ₅	16,0
Mo	17,0

(d=1,65)

Speedfol Ca SC

High concentrated suspension calcium fertilizer; for farmers need more calcium. Calcium can be used at post-harvest to increase shelf and storage-life of fruits or to supply plant calcium need and increase resistance against some diseases.

Speedfol Ca SC	%w/w
CaO	34,2

(d=1,64)
